

CHICAGO SGNA

Spring 2019 Newsletter

Letter from the President

Hopefully as you read this article, warm weather is here to stay! I do see green sprouts that will soon become spring flowers and I love hearing the birds chirping again.

The Chicago SGNA Conference is May 4 at College of DuPage. The Board of Directors are working hard for you to have a great educational experience. The Conference will broaden your education and provide you with networking opportunities.

The Board of Directors are volunteers and every year we announce the need for volunteers. There are perks associated with your involvement in the SGNA organization:

- Great opportunity to network and meet colleagues you can call on when you have a question or help with a problem.
- Free CEUs
- Add it to your yearly evaluation at work and/or your resume.

If you want to become a volunteer please contact us at Chicago SGNA .

Sincerely,

Linda Vainer
